

## Investigation Summary Report

### Precious Memories Gift Shop Sulphur, LA

### HISTORY

Precious Memories Flower and Gift Shop is located in Sulphur La., and is owned and operated by Mr. David O'Neal. The business resides in a house which was built by it's previous one owner in the early 1920's.

Since the business has been operated in the house, the owner and employees have noticed strange things happening from time to time. Items being displaced from the location they were placed.

Baskets often found on the hallway floor which were previously up on shelves. The owner once had a Psychic check the house, and was told a female spirit was residing there as well.

The SW Chapter began investigating approx. 9pm Sat. night. Present were, David, Connie, Danita, and Aaron. As far as personal experiences, Aaron and David both heard what sounded like two very light moans in the N.E. corner room of the house. While in the same room, Danita witnessed what she said appeared to be a white mist which was there and gone very quickly.

We didn't capture anything in pictures or video, but were able to capture one piece of audio from the middle room on the south side of the house, which sounds like a sorrowful moan, while Aaron and Connie were investigating it.
