CONCLUSION

Louisiana Spirits has pioneered so many reportedly active locations in the state. By not simply going off of haunted tales, we treat any historic location as the next potential haunting. In some cases, we walk out empty-handed, other times we don't.

In regards to Shadowlawn, we didn't get any solid evidence. Of course we can't make spirits perform on command. Therefore, we believe that a follow up investigation will need to be conducted. Possibly in the daytime when the spirits are claimed to be more active.
