### PERSONAL EXPERIENCES

ANDY CLANCY, JEFF SABELLA, TERRI KILPATRICK

### BACKGROUND –Problems:

Samantha, Mike (fiancé) and 6 yr old daughter were being scratched usually when in the bathroom. They have seeing orbs with the naked eye, a headless man in a black shirt. Daughter saw a boy in a black hoodie jacket. Reports of knocks coming from closet by the front door along with other knocks through out the house. Ice-cream flying out of the freezer and a shadow was seen in the hall way.

Samantha has been scratched several times along with being scratched during the actual investigation. I saw a white mist several times during investigation with my night vision cam corder and on the DVRS. Had an orb come straight down on a play gun when questions were asked about the suicide of Byran who was a friend of hers when she was 14. He was 16 when he shot himself. His best friend's father, along with his friend, also shot themselves a few yrs after Bryan. Bryan and his friend Billy also played Russian roulette which I picked up on the prelim. This, and they way they died, is why I decided to bring play guns as trigger objects. Before the investigation some scratches appeared on their bed side table. I noticed it looked like the number 17. Found out he was buried on the 17th.

We did see a shadow in the hallway where the owners have seen it and while in the living room we all heard a loud bang come from the closet that the owners have heard many times. I did get that on audio.

Toward the end of the night, Samantha was sitting on her daughter's bed and something touched her face and her hair. Right before we ended the investigation, I asked for one big sign and then we would leave. It was at that time that Andy had his flashlight knocked out of his hand. Right after that I got very cold. Andy checked the Emf around me and that's the only time that night we got a spike.

EVPS captured:

Living Room EVPS:

1) We are still setting up for the investigation:

A male maybe Mike says something, sounds like  
( Eat now)

But after that you hear children laughing, playing and talking.

2) Terri says:

I hear a lot about that closet over there by Andy. Can you make something move in the closet? Then we all hear a loud noise coming from the closet.

- 3) Pop or knock coming from bathroom.
- 4) This is where Andy's flashlight gets knocked out of his hands. I don't hear anything but I wanted to keep it.

Jeff's EVPS:

- 5) Unknown female moan while we were all in the living room.
- 6) Sam asks: Brian are you here? The male says " I'm not saying "
- 7) Sam asked: Tell us something about you? I hear female respond "Me"?
- 8) During a period of silence , out of the blue, a female EVP says: "This one right here"
- 9) Andy ask: Why are you being so quiet? There is an answer but I can't make it out.
- 10)Jeff asks: Give us a sign. A female answer what I hear to be "Zero"
- 11)Sam asks: Can you talk to me? A male responds "You gotta wait"
- 12)Unknown bump/click we respond to it.
- 13)Flashlight being knocked out of Andys hand.

Note:

The first EVP was from the first session, The next 6 are from the third session. The last two are from the fourth session.
