

Investigation Summary Report

New Iberia Post Office

HISTORY

Situated on Main Street in New Iberia, is the Historic New Iberia Post Office. The original building was constructed in 1902 and began operations in 1903. In 1965, the Schwing family purchased the building and began renovations. The building is now the Schwing Insurance Agency.

EXPERIENCES

The family members that we spoke to all reported hearing noises, knocks, bangs, etc. but attributed the noises to the age of the building. One employee has told the family that she sometimes feels like she is not alone. She feels like someone is watching her. This employee was not present during the investigation.

Attached Files

EVP's: Not clear

K2: No Hits

Rem Pods: 1 Hit

Motion Balls: Hits in 2 different rooms

Video: No evidence

We began our investigation with a tour of the property. We performed baseline sweeps for EMF in all areas of the Post Office. While doing the walk through, we also took pictures. After our initial walk through, we proceeded to set up all of the equipment throughout the Post Office. We placed equipment in the Post Master's Office, Mr. Schwing's office, and the office where the employee reported "not feeling alone". We also set up a camera in the basement.

At the beginning of our investigation, everything was very quiet. Eventually, we began getting some activity. The employee's office seemed to be the most active place. The rem pod went off, motion ball went off twice, and the SLS camera picked up a figure. In the Post Master's Office, the motion ball went off once.

CONCLUSION

Louisiana Spirits has investigated many reportedly active locations in the state. By not simply relying on haunted tales, we treat any historic location as the next potential active location. In some cases, we walk out empty-handed, other times we don't.

In regards to the New Iberia Post Office, we feel activity is prevalent here and we believe that with the help of a follow-up investigation, we will be able to obtain more evidence!
