# HISTORY

The client and her daughter have lived in the home for several months. The home seems to have a “creepy” feeling, and especially in the back bedroom where a former tenant died of a drug overdose.

# EXPERIENCES

The daughter hears voices in areas where there is no one. Unexplained hand prints are often seen on the TV screen, windows and mirrors. The client has a small dog that gets closed up in the back bedroom even though the door had been securely closed.

# INVESTIGATION

DATE OF INVESTIGATION: August 04, 2018

PARTICIPANTS: BESS MAXWELL, CONNIE WILLIAMON, KIRK CORMIER

EQUIPMENT: Digital Cameras, Infrared cameras and DVR system, Digital audio recorders, P-SB7 Spirit Box, Infra-sound detection equipment, Digital thermometers, Various EMF meters including Tri-Fields, Motion detectors including geophone and laser grid systems, Ovilus interactive voice communications device, and digital sound recorders.

INVESTIGATION: At the time and places tested, no anomalous photos were taken. No data was noted on video. Nothing unusual was detected by laser grid or geophone. Some unexplained EMF spikes were noted in the daughter's bedroom. Some anomalous cold spots were noted there. No anomalous motions were noted. No standard EVP voices were recorded. Eight recordings were noted of words formed by the P-SB7.

# **PART ONE**

## **THE MODEL P-SB7 SPIRIT BOX**

**This device utilizes a milli-second adjustable forward or reverse sweep technique coupled with a white noise distribution between frequency steps. This is designed to add ambient sound energy for the production of real time EVP, allowing for instant feedback in communications attempts. See item 16 in “General Parameters of the EVP Phenomenon”.**

# CONCLUSION

At the time and places tested, no anomalous photos were taken. No data was noted on video. Nothing unusual was detected by laser grid or geophone. Some high EMF fields from AC current were found in the daughter's room. Some anomalous cold spots were noted there also. No anomalous motions were noted. No EVP voices were recorded. Eight recordings were made of words formed by the P-SB7. No infrasound, nor standing waves of such, were detected at times of testing, in the areas of testing. We feel that the personal experiences, and the audio tests received are probably indicative of an anomalous presence or presences, though without harmful intent.

We would like to thank the clients for inviting us into their home, and for the opportunity to study the phenomena there. We would also like to thank them for their most gracious hospitality, and hope that we may be able to return there again soon.
