Summary Report

Private Residence

Pineville, La

HISTORY

Pineville was established somewhere between 1710 and 1730 and is established around the Red River. Pineville was at first French in the 17th century until the treaty of Paris in 1763. The Spanish took over Pineville in 1763 and the “White men” (or English) came to settle forcing the Indians to retreat from the East Mississippi River. Then Napoleon Bonaparte forced Spain to give The Louisiana Territory back to France. Jefferson then bought the Territory and changed it to the Louisiana Purchase in 1812 for fear of another French Revolution. Pineville got its name from the beautiful pine trees growing and overlooking the beautiful Red River. People preferred Pineville over Alexandria because of the higher elevation and the healthier climate. LSU was started in Pineville where the VA hospital now stands. It was started as a military and seminary school by Gervas Baillio, who was on the first board of the school. The school was eventually moved to where the school is now in Baton Rouge and multiplied.

EXPERIENCES

Owners have been experiencing noises, such as talking and humming coming from the upstairs area of the home. There is no one that goes up there except to go to the restroom. Owner also states that while he is there by himself, he will talk to a woman that is humming and has seen things move. There has also been knocking on walls and floors and even went so far as to jump on the top floor and move the chandelier on the bottom floor ceiling. There have been reports about hangers moving in the upstairs closets. The lady of the house hates going upstairs and is afraid of a room that a previous person lived in and keeps the door shut. They were also recording on there own and said that the recorder was cut off and back on again with a 4 min gap or so in between the recordings and that the recorder moved also from the spot that it was placed. The lady also stated that she feels like she will be pushed down the stairs and she goes down sideways hanging on to the rails for support so as the “person” wont push her down the stairs.

Investigators Reports

Location: Pineville, LA

Date: 11/14/2020

Investigators: Grady, Bree, Christy, Harv

Equipment used: Digital Still Camera, UV Still Camera/Video Camera, Night Vision Video Camera, Deer Cameras, Digital Recorders, MEL Metter, K2s, Spirit Box, and a REM pod

We proceeded with our base line sweeps for EMF in all areas of the house. While doing the walkthrough we also took pictures. After the walkthrough we proceeded to set up all equipment in the house. We did capture several pieces of evidence in the house. And unexplained voice on the spirit box in one of the kid's rooms upstairs saying, "do what". One of our deer cams while we were setting up caught another unexplained voice in a different upstairs bedroom saying "yay". We also captured several EVPs in the home including a "Hey" something that sounds like "Her" and a few unidentified words. Also captured were some very awesome orbs on our cameras.

Attached Files

EVP's: The three EVP and video voices describe above.

K2: No unusually activity

Video: The orbs captured described above

CONCLUSION

Louisiana Spirits has pioneered so many reportedly active locations in the state. By not simply going off of haunted tales, we treat any historic location as the next potential haunting. In some cases, we walk out empty-handed, other times we don't.

In regards to the private residence in Pineville, LA, we strongly feel activity is prevalent here and we believe that with the help of a follow-up investigation, we will be able to get more evidence!
