

## Investigation Summary Report

## Pithon Residence Lake Charles, LA

## **HISTORY**

The Pithon house was built in the late 1800's and is located on 6th street in Lake Charles, La. Matt and Valerie Smith are now the proud owners of this Historic home. They have told of some unexplainable activity which they experience from time to time. Things such as items being displaced from where they were laid. A door knob being turned and a doorbell being heard, only to find nobody at the door. A garage in the back yard with a negative energy feel to it. So much so, the dogs would not enter inside. LaSpirits SW Chapter was allowed to investigate the home. Present were Aaron, Danita, Randy, and Lonnie, a friend of the family. We arrived around 8pm, setup equipment, and began the investigation about 9pm. As far as experiences, footsteps were heard in the garage area, and upon checking things out, no one was present to make the sounds. A breath was heard in upper master bedroom, and a couple of moans were heard in the photography room which originally was a small child's room.
